Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Wednesday 21 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and sunny, cloud burning off. Hot in the west.

Today:
Low cloud burning off in the morning, although lingering in places along North Sea coasts and the Northern Isles. Otherwise dry, very warm and sunny, becoming hot across some central parts and the south.

Tonight:
Western areas dry, mostly clear and rather warm. Low cloud and mist becoming widespread across the east, Central Belt and the Northern Isles.

Thursday:
Overnight low cloud burning back to eastern coastal districts. Then many areas having a dry, sunny and very warm day, becoming hot in the west. Northern Isles remaining dull.

Outlook for Friday to Sunday:
Staying mostly dry and warm with plenty of sunshine. Some overnight low cloud, this burning back to the east coast in the mornings. Hot across the west, cooler in east.
